

DOCUMENTARY SERIES PITCH

TWO COUNTRIES. BEAUTIFUL BEACHES. MULTIPLE ATTACKS.

Uncovering the data behind apex predator encounters across the United States and Australia.

~1,500
RECORDED CASES

USA & AUS
PRIMARY DATA FOCUS

THE PRODUCTION TEAM

BLUE FANG STUDIOS

Research team producing high-quality intellectual foundations for streaming platforms.

CONCEPT DEVELOPMENT

Data-backed narrative foundations.

SCRIPTWRITING

Investigative storytelling beat sheets.

LOCATION SCOUTING

Regulatory and logistical surveys.

NEXT PROJECT

SHARKFLIX DOCUMENTARY SERIES

Ready for Production Pitching

CRITICAL FIGURES

~1,500

Recorded Cases
(25 Yrs)

71

Fatal Encounters

~1,300

Survivors

Scientific Consensus: Sharks are generally peaceful and avoid human interaction.

BUT WHY DO THEY ATTACK?

Survivors often endure severe lifelong injuries • The documentary investigates behavioral anomalies.

THE DATA BEHIND THE STORY

RAW DATA

CLEAN

GROUP

ANALYSE

PATTERNS

STORY

```
# Data Processing Core Syntax
```

```
df.dropna(subset=["fatal_y_n"])
```

```
df.groupby(["time_group", "state"])
```

```
df["location"].value_counts().head(6)
```

Filter Variables: Focused on fatality, time, and location.

Temporal Grouping: Mapped attack trends across 25 years.

Pattern Recognition: Identified critical hotspot geographical clusters.

WHERE DO MOST ATTACKS HAPPEN?

USA + AUSTRALIA = 60%+ OF GLOBAL RECORDED INCIDENTS

10-Year Incident Decline (USA & Australia Total)

2015 Peak

76 Incidents

2025 Recorded

19 Incidents

HUMAN FACTOR

BUT... Severe Risks Remain

Greg O'Neil died in early September while he was swimming in Western Australia. His body was not recovered.

WHERE ARE THE HOTSPOTS?

TOP VOLUME LOCATIONS

Florida, USA	699
New South Wales, AUS	191
Hawaii, USA	178

MORTALITY CONTRAST

Western Australia

15.9%

Fatality Rate per Attack

CRITICAL INSIGHT: The location with the highest attack volume is NOT the most fatal.

THE SHOW CONCEPT

SHARKFLIX: THE DOCUMENTARY

"BEHIND EVERY STATISTIC IS A HUMAN STORY."

SURVIVOR STORIES

Firsthand survival and recovery journeys.

FAMILY STORIES

Community impacts of fatal encounters.

EXPERTS

Marine biologist behavioral analyses.

USA + AUSTRALIA

REAL LOCATIONS

REAL PEOPLE

SCIENTIFIC INSIGHT

THE SERIES EPISODE STRUCTURE

EP 01

California

Pacific depths & surfer encounters.

EP 02

New South Wales

Surfing hotspots & beach patrols.

EP 03

Hawaii

Island waters & apex predators.

EP 04

Western Australia

The deadliest ocean corridor.

EP 05

Florida Coast

Shallows & dense tourist beaches.

EP 06

Queensland

Reef shadows & tiger sharks.

SPECIAL FEATURE EPISODE

2020: The Pandemic Spike

The deadliest year for shark attacks amid a global lockdown.

FROM DATA TO SCREEN

STAGE 01

CONCEPT & DEVELOPMENT

Deep data research, character mapping, and episode arc structure.

STAGE 02

SCRIPTWRITING

Beat sheets, interview question banks, and fact verification.

STAGE 03

LOCATION SCOUTING

Visual surveys, filming permits, and local ocean crew fixers.
